Door Tablet's Hardware Products

Door Tablet AIO

Our most popular hardware device, the attractive All in One touch display is noted for its robust and reliable performance.

Door Tablet CIR

Sleekly designed CIR hardware has separate applications for bookable and non-bookable spaces (NU) and for the hot-desking environment (DSK).

Door Tablet ABX

Powering all sizes of Wayfinding signage, the ABX is a sleek but rugged, compact device that provides reliable performance on low power consumption.

Door Tablet MOTs

Embedded in ceilings, motion sensors provide an additional level of facility control independently of human intervention; useful too where privacy matters.
